

**Site Summary:** <https://repba.com/?p=crmc>

The CRMC (Coyote Run Men's Club) site includes graphical homepage, scrollable menus, picture series presentation views. It is designed to enhance user accessibility by providing information in image, PDF document, and picture formats. The menus provide ease of readability, scrolling, and selection. Picture series include multiple hole views of the coyote run course, major tournament winners, sponsors, example pro & member golf swings, and panoramic views of the course photos.

#### Usage Considerations:

1. Use cellphone portrait position to best see pro swings, member swings, and panoramic views.
2. The website requires a popular browser that has been updated within the last 4-5 years. If the site does not render properly, please refer to the initial CRMC site at [reportbase.com/coy](http://reportbase.com/coy).
3. When exiting from picture displays select the upper left triple-line icon to enable the picture-series menu. Then select another picture or the home-page. The unreliability of the site picture back-arrow using various browsers is being investigated.
